

Similar to The Geelong Chamber of Commerce, Davidsons has a long and proud history within Geelong, having been established over 100 years ago.

Today, Davidsons is a dynamic Accounting and Business Advisory firm with offices in Geelong, Torquay and Melbourne. By working to build long-term relationships with both business and private clients, providing upfront pricing and by delivering specialist advice and knowledge to our clients, we have established ourselves as a firm of choice within Geelong and our other operating regions.

At Davidsons we take pride in our values as they guide how we operate and include forming trusted relationships, having a client first approach to doing business, being forward thinking, operating with discipline and persistence and supporting family and community.

These values have aligned with the Geelong Chamber of Commerce and, over the past 40 years, we have had a successful and co-supportive relationship which has enhanced our business both through the relationships we have formed and the support we have received.

Having been members of the Chamber for 40 years has enriched our business by providing us an opportunity to network with other like-minded individuals and businesses which has helped us build and maintain our associate networks as well as engage with many of our most valued clients - including The Chamber itself.

Our relationship with The Chamber has, we hope, been mutually beneficial as we have been conducting their Audit since the mid 1990's, which we have provided on a pro bono basis.

The benefits of being a Chamber member for so many years are far reaching and can be seen in many areas of our business journey.

When Davidsons looked to evolve by seeking some external marketing assistance we were able to engage with Kylie Warne to seek her Marketing expertise. This helped put us on our current path of self-discovery and helped build the framework for our current marketing strategy.

GMN International is an association of
legally independent accounting firms 

We have team members who are committee members of Geelong Young Professionals (GYP) and have always supported the great events they put on to encourage and support our next generation of future leaders of Geelong.

Davidsons have had the privilege of presenting at many of The Chambers members forums over the years and we have had a long association and valued client relationship with Chamber CEO Bernadette Uzelac.

We are proud to be part of the Geelong community and we endeavor to help support, assist and champion the businesses and individuals that makes up this great place we call home.

It is those businesses and individuals that will help to carry the region into a new era of economic success.

As we look back on the past 40 years and the milestones that have brought us to this point we cannot help but be excited for the future and look forward to the continued benefits of being a member of the Geelong Chamber of Commerce.
